

MEMORANDUM OF UNDERSTANDING

BETWEEN

STATE UNIVERSITY OF NEW YORK AT COBLESKILL

Bachelor of Technology in Fisheries and Aquaculture

AND

KENTUCKY STATE UNIVERSITY

Master of Science in Aquaculture and Aquatic Sciences

May 2018

I. General Statement of Purpose

This document establishes a formal Memorandum of Understanding between the SUNY Cobleskill's Bachelor of Technology in Fisheries and Aquaculture degree program and Kentucky State University's Master of Science in Aquaculture and Aquatic Sciences graduate degree program.

The purpose is to facilitate the admission of qualified SUNY Cobleskill Bachelor of Technology in Fisheries and Aquaculture degree recipients into Kentucky State University's Master of Science in Aquaculture and Aquatic Sciences degree program.

II. Requirements and Terms

- A. Students must earn a cumulative GPA of 3.0 or above at the time of application to the graduate program, and maintain an overall GPA of 3.0 or above at the time of completion and graduation from the Bachelor of Technology in Fisheries and Aquaculture degree program at SUNY Cobleskill.
- B. Students will receive a minimum grade of "C" or better on all required courses for the Bachelor of Technology in Fisheries and Aquaculture at SUNY Cobleskill, resulting in a cumulative GPA of 3.0 or higher.
- C. Completion of the Bachelor of Technology in Fisheries and Aquaculture degree program at SUNY Cobleskill.
- D. Students will meet the academic requirements for admission, including specific coursework as outlined on the attached guide sheets.
- E. Completion of the admissions application for Kentucky State University's Master of Science in Aquaculture and Aquatic Sciences graduate degree program, including submission of Graduate Record Exam (GRE) scores.
- F. Students will provide Kentucky State University with a final transcript listing degree posted and cumulative GPA for the Bachelor of Technology in Fisheries and Aquaculture degree program.

III. Benefits and Advantages

- A. Admission to Kentucky State University's Master of Science in Aquaculture and Aquatic Sciences degree program, which will prepare graduates for professional positions in the aquaculture industry.
- B. To attract qualified students to both institutions who wish to pursue a Master of Science in Aquaculture and Aquatic Sciences degree.

IV. Review and Revision of this Memorandum of Understanding

This agreement will be reviewed every two years in May, starting with the year of inception. Should either party desire to terminate this agreement, notification will be given to the other party, in writing, no less than six months prior to the proposed date of termination. Students already enrolled in the Master's program at the time of termination will be allowed to complete their degree.
